

Creative Director: Bernice Mai

Developer: Chelsea Chu

#### General Feedback

- I love the draft so far; it fits into the idea of the old Hollywood style.
- For the borders on the side, when having the tickets cut off, instead of having a different color or leaving it blank, make a film strip going down the sides.
- Change the size of the body of the text
- Style: make sure to style the images
- For the subtitles- use the font from the mock-up if not fit with the title font, it can be changed.
